

SCIENCE EXPLORERS

New Topics to be Explored
SPRING 2025

Get ready to embark on an interactive journey of discovery alongside your child! We are thrilled to reintroduce **Science Explorers**, a captivating program led by The da Vinci School, designed to infuse your child's daily life with the wonders of science.

EXPLORE SCIENCE TOGETHER

You and your little one will explore the world through hands-on learning. From simple science experiments to complementary activities, we aim to awaken your budding scientist's curiosity in the most engaging and interactive ways. Programs are designed for children ages **16 months to 3.5 years**. Students will be placed in age-appropriate groups, and times will vary based on the child's age. Classes will be led by members of the da Vinci staff, who will provide an inspiring experience for your child. Science Explorers is designed for parents/caregivers to engage in experimentation and learning alongside their child. We will meet once per week, with each semester covering different topics.

TOPICS TO BE EXPLORED DURING THE YEAR

- 3-2-1 Blast off
- Creepy, Crawly Critters
- Down on the Farm
- Positively Plants
- Slippery, Scaly, and Slimy
- Things with Wings
- Young Scientists
